# STRANGE HAPPENINGS AT THOMPSON TOWERS

CRIME SCENE - DO NOT ENTER THE DETECTIVE PROJECT CRIME SCENE - DO NOT ENTER

- The lady of the house is feeling unwell, her symptoms include a headache, feeling sick, unquenchable thirst and a general feeling of regret.
- Fearing a serious condition she called her Dr for advice.
- Her Dr carried out some tests and discovered that she had been poisoned by Gin....poison Gin!
- Lady Thompson always begins drinking gin at 3.10pm in the dining room (which is where she keeps her gin). She was fine yesterday however today it has made her ill. It has to be have been poisoned today by one of her ungrateful staff members.
- She entered the dining room at 3.05pm just as the phantom poisoner was leaving.
- Help us work out who it was before they strike again.

<p>Dolly's tasks take her exactly 12 minutes in each room. She started work in the Kitchen at 13.32hrs</p>	<p>Shania's tasks take 8 minutes in each room. She started work in the snooker room at 11.31hrs</p>	<p>Tammy's tasks take her 9 minutes in each room. She started work in the library at 13.44hrs</p>	<p>Billy Bob's tasks take 14 minutes per room. He started work in the reception hall at 13.46hrs</p>

Lady Thompson insists that staff move between rooms according to her plan.

They are not permitted to deviate from this

Who was the last member of staff in the Dining room before Lady Thompson arrived with her thirst for gin?

Answers on the next page...no peeking...

The phantom poisoner was....

Right ok so i know it looks bad but it was an accident. I'd been nipping at the gin myself when I heard 'er majesty coming so i topped the bottle up with bleach. How was I to know she'd drink it all?
