

## Whodo Challenge - Sandra and Keith

Sandra and Keith are found dead on the floor of the living room in the detached house in which they lived. The Cleaner, Hans from Helping Hans Cleaners, found them at 2pm when he went to the house on his weekly visit. Hans has a key to the house. He says all the doors and windows were locked and the house alarm was set. Danni, a postal worker, says she looked in through the living room window when she delivered that mornings post around 9am and nothing looked disturbed.

The bodies of Sandra and Keith have no visible injuries.

The cause of death is asphyxiation.

There is broken glass and liquid on the living room floor.

The house is covered by CCTV. From 9am until Hans arrives, only the family cat, Jess, is seen leaving the house via her cat flap.

The house is owned and occupied by Raz and Orla. They are no relation to Sandra and Keith.

Raz left the house at 7am for his job as an accountant. Raz is a keen cyclist, plays cricket and enjoys cooking.

Orla left the house at 6.30am for her job as a mechanic. She is an enthusiastic pet owner and enjoys reading autobiographies.

Raz and Orla have no criminal history or intelligence reports on them.

Orla's pets are Jess, the cat, and two goldfish. She is hoping Raz will agree that they can get another cat.

Who killed Sandra and Keith?
